RE: MATERIAL SAFETY DATA SHEETS

To Whom It May Concern:

This letter will insure compliance with O.S.H.A. regulations and standards covering Sealoflex Sealogreen™ and Sealodrain™ Drainage Systems.

Sealoflex Sealogreen™ and Sealodrain™ are articles as defined by Federal Hazard Communication Standards - 29 CFR - 1910.1200. The composites are composed of polypropylene, polyester, polystyrene, PET, polyethylene, or PVC. No Material Safety Data Sheets are required for these products.

If you have any questions about the above information, please contact me.

Regards,

Anne K. Ellington  
Vice President and General Manager  
Sealoflex, Inc.
